About Us

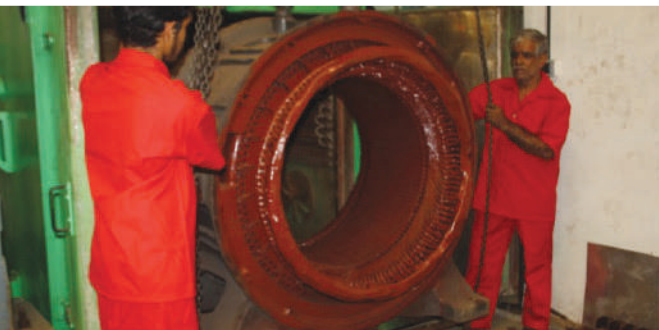

We started in 1965 as an auto electric workshop in Calicut, a coastal town in south India.

Today, Sabi Electricals is the authorized service partner for many major brands, to name a few: ABB, Stamford, Leroy Somer, Marathon etc.

Operational in India and UAE, Sabi group has their portfolio focused on the single vertical of electromechanical solutions.

More than 50 years into the industry, our experience is complimented with the needed infrastructure and human resources that keeps our clients satisfied and engaged.
